I welcome you to partner with us in creating disciplined young leaders by recruiting them in your organizations. I take the pleasure of once again inviting all recruiters for the placements this year.

Dear Recruiter,  
DYPCMR, founded in 2008 is recognized as a forefront of change in shaping the future of India through education. We build character, competence and enthusiasm; developing inspired leaders that create and contribute to sustainable organizations of consequence. We at DYPCMR are convinced of the need for a radical change in management education, and decided to tread the path that would ensure stability for our students. The institute therefore follows a teaching pedagogy emphasizing on student centric methods like project, case study & research based learning approach which is an integral part of the curriculum structure. In the last few months, the business and economic paradigm all over the world has witnessed a radical shift owing to COVID-19. The institute is continuously striving to align the curriculum with the needs of tomorrow and is always on the lookout for introducing programs and changes keeping in view the ever evolving industry. In lieu of the same, online classes are being conducted to ensure learning is not hampered during the lockdown. Also, realizing that this shift will need business leaders

"As we all know, placements are an important aspect of any management institute, and we at DYPCMR take it very seriously. Our placement cell works diligently to ensure that our students receive the best possible opportunities in the industry. We have established strong relationships with leading companies across various sectors. We are proud of our track record of placing our students in some of the most sought - after organizations in the country. We also believe that placement is not just about finding a job, but it is also about finding the right job. To this end, we provide our students with guidance and support to help them identify their strengths, explore various career options, and make informed decisions. We look forward to continuing our efforts towards providing the best possible placement opportunities for our students"

# BRIEF EDUCATIONAL & INDUSTRIAL HISTORY OF PUNE

Pune is the second-largest city in the state of Maharashtra after Mumbai, and is an important city in terms of its economic and industrial growth. Pune is ranked as the seventh-largest metropolitan economy with a strong industrial base and has the sixth highest income per capita in India.

Pune was called The Oxford of the east by Jawaharlal Nehru, India's first Prime Minister, due to its popularity with students from all over the world. The temperate climate of the city is responsible for the green campuses of many colleges, and the prevalent academic mindset amongst Punks helps nurture research and higher education. Pune is famous for its higher education and students all over India, and around the world come to Pune to get higher education due to its qualitative and inexpensive courses. In addition to the University of Pune, Pune is home to diverse research institutions of national importance that supplement higher education.

Pune district is known as the center of educational and cultural activities, home of politicians and social workers, and a source of inspiration for progress and development in all spheres of life. It is the second largest town in the state.

The geographical area of Pune district comprises of 5.09% of the area of Maharashtra State. The literacy percentage in the district is high as compared to that of State. The district is well connected by rail and road to all important cities in the country. The district has major Defence and Research establishment. The Agriculture occupies major share in the economic activities in the district, followed by industries and service sectors. The IT industry is developing very fast in and around Pune city. A special Info-Tech Park is established for development of IT industry.
